Our board of directors asks us to confirm the following statement in order to issue scholarship awards to students attending your school.

We are a "Qualified School" to receive tax credit scholarship funds. We agree that we are a preschool that offers services to student with disabilities, a nongovernmental primary school, or a secondary school that is located in this state and that does not discriminate on the basis of race, color, disability, familial status or national origin and that requires all teaching staff and personnel that have unsupervised contact with students to be fingerprinted.
